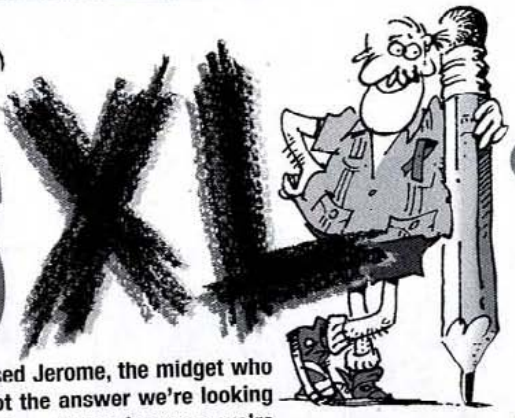
SERGIO ARAGONÉS MARGINALS XL



What's small, funny, and can be found around MAD? If you guessed Jerome, the midget who loiters outside our offices, you're technically right...but that's not the answer we're looking for. We're referring, of course, to Sergio Aragones' "marginal" cartoons! Now, however, we're running them in the same full size Sergio submits them to us. We'd like to do something for Jerome, too, but he tends to bite.
